SpinIt

The SpinIt is a rotating tourable frame originally designed to fit our PURE10 semitransparent screen. The top of the frame including the LEDs can easily be flipped for transport. Thanks to the new modular Infiniform System, all kind of creative applications are possible. From a see-through LED screen to a fully fitted lighting product, this product offers a multitude of different set-ups. The SpinIt is the perfect product for touring as well as for corporate events (product reveals, presentations, ...).
